**Please note:** The state of Colorado has a three-tiered fee schedule. One fee schedule is for private carriers. All other types of carriers will default to a for-hire fee schedule. The final fee schedule is for power units which travel less than 10,000 miles nationally per year. If the power unit qualifies for either of the first two schedules and travels less than 10,000 national miles per year, the lesser of the two registration fees shall apply. If you have questions regarding the Colorado fee schedule, please contact the Colorado IRP Section at (303) 205-5602.

## **INSTRUCTIONS**

All vehicles that travel through Colorado must complete this form. The mileage is for **all states** (national mileage), **not just Colorado mileage**.

- 1. List all vehicle equipment numbers.
- 2. Indicate whether vehicles travel less than 10,000 miles nationally per year **and** whether they are private carriers by circling the Y (for yes) or the N (for no) in the appropriate column.
